2. EVENT DESCRIPTION

InclusivAI – Final Round (Product Presentation Phase) marks the culmination of the innovation journey, where participants showcase their fully developed solutions. In this round, teams present their final products, highlighting functionality, impact, and real-world applicability. The focus shifts from development to demonstration, evaluation, and storytelling—allowing participants to articulate their problem statement, design process, and inclusive approach. With students, mentors, and evaluators from external colleges in attendance, the event fosters cross-institutional learning, critical feedback, and diverse perspectives. This final round celebrates inclusive innovation while strengthening awareness and meaningful dialogue around accessibility, social responsibility, and technological impact within the CHRIST Lavasa community and beyond.

3. OBJECTIVES

- **Innovation & Prototyping:**
To enable participants to develop, test, and refine prototypes that address real-world inclusivity and accessibility challenges.
- **Collaboration:**
To encourage interdisciplinary and intercollegiate collaboration among Christ Lavasa students, external college participants, and mentors.
- **Community Engagement:**
To create a platform for shared learning, teamwork, and innovation-driven interaction.
- **Awareness:**
To promote the importance of inclusive technology, empathy-driven design, and socially responsible innovation.
- **Skill Development:**
To enhance technical, creative, and communication skills through hands-on prototyping and teamwork.
